From small intimate dinner parties to large fund raisers, we can help you make the most of your budget and create the mood that you're looking for. Many people are under the misconception that Consultants and Event Planners are only for people planning the exclusive, high society parties. That couldn't be further from the truth. In today's busy world, a consultant is often seen as a necessity rather than an extravagance.

Our Decorating Service will make sure that your event site is set up the way you want it to be. We work in partnership with other highly recommended vendor services. These are companies owned by people we know and trust, and you may hire their services using us as your consultant, or on your own.
